

## Delta 17 inch

The Delta 17 inch interactive play system is available with a white and blue housing suitable to mount on the wall, on a play fence or on a play system. This popular play system can already be found in thousands of establishments all over the world.

The entire housing is exactly the same size as our standard play modules, so not only can it be used as a stand alone wall mounted solution, but can also be specified as an option on our play systems. The modern, safe and durable housing allows children to explore and play freely.

Our interactive play systems are:

- Easy-to-clean
- Extremely strong and durable
- Suitable for several children at the same time
- Energy-efficient
